

FUNCTION PACKAGES

Welcome to Waratah Golf Club

Waratah Golf Club offers more than a great round of golf, it's a welcoming, versatile destination for events that feel effortless and memorable. Most functions are hosted in our main clubhouse area, a light-filled space that can be styled to suit a wide range of occasions. Flowing directly from the clubhouse is our large west-facing deck, one of the venue's standout features. It overlooks the course and captures beautiful afternoon light and sunsets, creating an easy, relaxed atmosphere for guests to mingle, toast, and enjoy the view.

Our flexible layout works beautifully for everything from corporate gatherings to milestone celebrations. Set the room for an elegant sit-down dinner, open it up for a cocktail-style event that spills out onto the deck, or choose something in between, we will tailor the space to match your vision and guest numbers. The deck is perfect for welcome drinks, grazing tables, live music, or simply giving your guests somewhere to step out and soak up the scenery as the sun goes down.

We will work with you on the run-sheet, room set-up, and menu style, offering options that range from working breakfasts and shared platters to canapés, grazing stations, and plated alternate drop meals. Dietary needs and preferences are easily accommodated, and we are happy to customise packages to suit the tone of your function.
